MESSAGE FROM DIRECTOR DESK

With great pleasure, I present the Annual report of SHREYAS for the year 2022-23.

First of all, I express my gratitude to all of our donors and all stakeholders handhold with Shreyas.

2022-2023 was eventful with many activities. During this year, Shreyas experienced remarkable positive changes in many of our sectors. The organization was able to create impact in the lives of more than 2 lakhs of families including the most vulnerable communities like tribal community and migrants. Shreyas also strengthened the four tier system of decentralization. Shreyas continued its operations in agriculture, Natural resource management, rural entrepreneurship, community based organizations, persons with disabilities, family development programs and programs for safety migration. We would like to take this opportunity to thank everyone who supported us in the journey of fulfilling our vision and mission. We acknowledge the support and commitment of all the partners, national and international donor agencies, central government, state government agencies, various government departments, banking institutions and local self-government department.

We also sincerely thank everyone, who helped us with their human, financial and technical resources. Your support have been our strength so far in our journey. We look forward to your constant support, guidance and cooperation in future. Let's put our hands together for a world where everyone enjoys all.

Fr. DAVID ALINKAL
EXECUTIVE DIRECTOR

SHREYAS

Shreyas was founded in 1979 and was registered under “Societies Registration Act of 1860” in 1986. Over the years, Shreyas has been extending its services and operations across the districts of Wayanad, Kozhikode, Kannur, Kasargode, Malapuram of Kerala State and The Nilgiris district of Tamil Nadu. Shreyas beholds the Sustainable Development Goals in every of its work spheres. The strategies adopted by Shreyas to achieve the goals are multifaceted and interrelated. Our development process is based on the scientific and participatory approaches. We collaborate with various development activities, Government and Non-Government, National and International agencies in order to support the partner families.

We reach out to Marginalized communities, Tribal Families, Persons with Disabilities (PwDs), Small and Marginal Farmers, Agriculture Labourers, Rural women, Children and Youth leading to improvement in their lives and livelihoods, to support their health needs and educational aspirations. Entering into the 45th year of rural reconstruction, we provide much importance for social development with emphasis on humanistic vision, especially development through livelihood development. Shreyas has 9 Regional Offices, 73 Units (Village Federations), 3308 Community based organizations (CBOs) and 52,326 partner families.

HIGH LIGHTS 2022-2023

SHREYAS RURAL MART & SHREYAS FOOD COURT

Shreyas Rural Mart started with the support of NABARD women SHG development fund. The main aim behind the starting of rural mart is marketing the products of WSHGs and FPO at Sulthan Bathery Taluk Wayanad district for the continued action and empowerment of the FPO and WSHG. The marketing products are vegetables, tribal ethnic edible items, pepper, coffee products, different types of rice, egg, pickles, grocery, honey, bakery, confectionery items and handicrafts.

DHANLAXMI BANK AWARD

Shreyas is awarded by Dhanlaxmi bank as the best NGO in North Kerala 2021-2022 for rural self-entrepreneurship initiatives. Dhanlaxmi Bank has been collaborating with Shreyas for the past three years. Fr. Benny Edayath, executive director of Shreyas received the award from Mr. Sivan J, the managing director of Dhanlaxmi Bank.

PROJECT LAUNCHING

On March 27th, 2023 Shreyas held a launching ceremony for five new projects in various sectors.

1 AGRICULTURE DEVELOPMENT & NATURAL RESOURCE MANAGEMENT

Agriculture development and natural resource management programme is the key intervention area of Shreyas. Shreyas has been working to create a new social order that is gender and environmentally sensitive, based on the Sustainable Development Goals. Conservation and prudent utilization of the resource trinity (Soil, Water, and Biomass) aims mainly to improve the standard of living for individuals without compromising the survival of other living organisms.

As per the sustainable development goals, Shreyas has been initiating the integrated approaches and actions such as preventive, restorative and sustainable management of the natural resource through effective participation of the partner families and other stakeholders in Wayanad, Kozhikode, Kannur, Kasargode, Malappuram and The Nilgiris of Tamil Nadu. At present we have formulated national level intervention strategies to scale up the conservation and judicious management of natural resources.

VISION OF SHREYAS IN THIS SECTOR

The vision is to keep the natural resources intact based on rational use, sustainable management and conservation of natural ecosystems for a harmonious life on this earth. Sustainable development is a framework for achieving human development goals while also preserving natural systems ability to supply natural resources and ecosystem services. For this reason, sustainable development can also be defined as development that meets current needs without jeopardizing future generations' ability to meet their own needs

- Formation, organization & strengthening of community based organizations (CBOs)
- Planting of RET (Rare Endangered and Threatened) & endemic species
- Promotion of Bio fencing/green belt/ oxygen parks
- Conservation of water bodies
- Soil and water conservation (*Earthen bunds, Staggered trenches, Platforms, Spring box construction, Nala bunding, check dams, cross bunds, well recharging, etc*)
- Promotion of alternative energy sources (*Bio Gas plants and other composting methods*)
- Sustainable agriculture practices
- Promotion of medicinal plant cultivation and value chain
- Promotion of animal husbandry practices
- Energy conservation programmes
- Community based water and sanitation programmes
- Training and capacity building programmes
- Convergence activities in collaboration with other development organizations and line departments
- Research and documentation

1. NABARD KFW SOIL PROJECT

Amarakkuni watershed is located in Pulpally, Poothady and Mullankolly Grama Panchayats of Panamaram Block in Wayanad district of Kerala. It is situated about 49 KM from the district head quarter. Lack of proper soil and water conservation, degradation of soil, changes in rainfall pattern, deforestation and excess use of water are the main causative factors for the same.

2. SPRINGSHED BASED WATERSHED DEVELOPMENT PROGRAMMES

Springs have provided reliable water for human societies and ecosystems since long before written records began. They have played critical roles in the world's indigenous cultures since time immemorial (over thousands of years), serving as reliable water sources, places of healing, and sites of ceremony and religious significance. The importance of springs is recorded in songs, art works and stories preserved and passed down to the present. Taking this into account NABARD sanctioned the Springshed development project in Cheppottukunnu watershed, Thrikkaippatta village, Meppady Grama Panchayath of Wayanad District and Neerpuzha Mulkam project in Pothukal Grama Panchayath and or which will be implemented during the period from 2022 to 2025. Major focus of the project is the rejuvenation of springs, agriculture development, soil and water conservation, training, livelihood development capacity building are the major interventions.

3. JAL JEEVAN MISSION (JJM)

Jal Jeevan Mission is envisioned to provide safe and adequate drinking water through individual household tap connections by 2024 to all households in rural India. The programme will also include source sustainability measures as mandatory element, such as recharge and reuse through grey water management, water conservation, rain water harvesting etc. JJM is a time-bound mission-mode Programme and needs robust institutional framework for its successful implementation to achieve its goal. Hence, a four-tier institutional mechanism is working effectively at National, State, District and Village level.

The Jal Jeevan Mission project in Kerala was started on 21.08.2020 in accordance with the national guidelines. Being a leading social service agency, Shreyas was selected as the Implementation Support Agency (ISA) for the following ten panchayats in four districts of Kerala.

The implementation support agencies have vital role in community mobilisation, IEC and Capacity Building activities in order to cater the message of Jal Jeevan Mission and to promote the project in society.

2 CHILDREN AND YOUTH DEVELOPMENT

SUSTAINABLE DEVELOPMENT GOALS

3 GOOD HEALTH AND WELL-BEING

4 QUALITY EDUCATION

8 DECENT WORK AND ECONOMIC GROWTH

OUTCOME :

The various activities carried out under the programme are intended to improve social skills, improved social interactions, and basic leadership skills. Emotional bonding with family and friends was strengthened. This programme also provides a platform for accessing talent-related opportunities as well as improved hygiene and health self-awareness. Children's mental health improved as a result of Child Health & Sports Cooperatives (CHSC) activities

Children and youth development programme specifically seek to improve the immediate lives of children and young adults. Shreyas also focuses on building and strengthening the competencies needed to become successful adults living meaningful and productive lives. The important dimensions of childhood and adolescent development, that the program target to positively impact are the physical, mental, emotional, social and the intellectual dimensions.

STORY OF VINEETH

VINEETH is a 16-year-old boy, from a family that includes his 37-year-old mother and two brothers, Vipin (20) and Vibish (19). Both of his brothers work to support the family financially. Vipin holds B.A. in Malayalam and works at a petrol pump in Malapuram. Vibish, on the other hand, completed his 12th grade but chose to abandon his education. He is currently employed at a petrol pump in Bathery. After becoming a part of the CHSC group, Vineeth experienced a positive transformation. He gradually let go of his bullying tendencies and mocking behaviour, embracing a new approach focused on helping and respecting others. His neighbours have noticed the changes and are pleased with him. This transformation brought a profound impact on Vineeth's personal growth and character development. This year, Vineeth successfully completed his 10th standard with outstanding results. He achieved 8 A+ grades and 2 A grades, demonstrating his academic powers and dedication to his studies. Through his participation in the CHSC group, Vineeth not only improved his academic performance but also cultivated a sense of empathy and respect for others.

SUSTAINABLE DEVELOPMENT GOALS

3 COMMUNITY BASED ORGANIZATIONS

Community Based Organisations (CBOs) plays an important and relevant role in providing services at the grass root level. In 1991, Shreyas initiated Farm clubs and mahilasamajams. Later it developed as NHG in 1994 and as SHG in 1996. It has been 27 years since the CBOs started. CBOs are the corner stone of our developmental intervention. They are playing vital role for social reforms and rural development. There are diverse activities for CBOs such as monthly monitoring and evaluation, agriculture development programme, charity, entrepreneurship development programme, health and education development programmes, children and youth development programmes, self-reliance, financial discipline and teamwork were enhanced. Many People have become self-sufficient by starting Income Generation Activities. The quality of life has been improved through the activities of CBOs.

AT A GLANCE

2 **ZERO HUNGER**

3 **GOOD HEALTH AND WELL-BEING**

6 **CLEAN WATER AND SANITATION**

4 COMMUNITY HEALTH PROGRAMME

Shreyas plays a crucial role in promoting public health at the community level. Shreyas often works in partnership with governments and other stakeholders to address major health challenges such as disease epidemics, poverty, and malnutrition. Provision of services includes medical, social and psychological services as well as integration activities, care and nursing, material and financial support, educational and information services and training. Health advocacy is a combination of individual and social actions designed to gain political commitment, policy support, social acceptance and systems support for a particular health goal or program.

ASHAKIRANAM

Shreyas Ashakiranam is a special initiative to support the cancer patients in Kerala and to promote preventive approaches to health disasters. The Main components of the project are Local Fund Mobilization, Cancer Awareness, and Financial Aid to Deserving Cancer Patients, Medical & Psychological Support .

ADHITHI PROJECT- "Safe Migration"

The Adhithi (Migrants) project, funded by Caritas India, began on February 1, 2022. This project focuses on health improvement of migrants. 1273 migrant workers were benefited through this project.

Activities

- Health awareness
- Medical camps
- Medical kit distribution
- Hygiene kit distribution
- Health awareness
- Cricket match
- Happiness night

OUTPUT

- Migrant workers were oriented on post Covid19 care measures and benefit of health services and have been vaccinated on Covid 19.
- Migrant workers have increased health safety and security through medical camps and medical insurance.
- Migrant workers have been educated on proper health and hygiene practices.
- Created awareness among the migrant workers regarding Govt. schemes and entitlements
- Ensured the safety of 209 migrant workers through the coverage of health insurance
- Ensured the health and safety of 395 migrant workers by distributing medical kits.
- Migrant workers were able to relieve their stress by participating in cricket matches.

5 DISASTER MANAGEMENT PROGRAMME

Disaster management is an important and indispensable part of any modern economy. Especially when it comes to a multicultural and diverse country like India that not only hosts a variety of cultures and religions but also is home to diverse terrain and a multitude of ecosystems. Shreyas kept on changing and transforming lives of diverse terrain through our Pre and Post Disaster interventions. Not only mere supports, we continued our actions through capacitating the people in Disaster prone areas with Disaster Risk Reduction and Disaster Preparedness thereby developing disaster resilient communities. In connection with this we have formed and strengthened 10 disaster clinics. The trained 200 volunteers of the clubs are 24 hours alert to undertake actions if any calamities or casualties occurred.

SUSTAINABLE
DEVELOPMENT
GOALS

1. Project name :
Save A Family Plan –
Covid Rehabilitation
Project Phase II (CRP-II)
2. Project Period :
1st December 2022 to
30th April 2023
3. Number of beneficiaries :
10 beneficiaries
4. Support amount :
Rs.1,00,000/person

COVID REHABILITATION PROJECT (CRP)

Save A Family Plan - Building Sustainable Families (Covid Rehabilitation Project - Phase II [CRP-II]), which aims to support families affected by the pandemic by implementing Small Business Initiatives that empower them to regain financial independence and improve their economic well-being. By providing opportunities for sustainable income, this project will contribute to the long-term economic rehabilitation of families. We supported 6 partner families of Save A Family Plan through Covid Rehabilitation Project - Phase II (CRP-II)

SUSTAINABLE DEVELOPMENT GOALS

6 ENTREPRENEURSHIP DEVELOPMENT PROGRAMME

Entrepreneurs are self-motivated individuals who strive to do something new and unique on their own. The Entrepreneurship Development Program (EDP) department at Shreyas has provided technical as well as financial support for people to start and grow successful businesses in the past year. The EDP department is planning to expand the program in the upcoming year to reach more people and provide more support and mentorship to entrepreneurs.

INCOME GENERATION ACTIVITIES

- * Petty shop
- * Tea shop
- * Tailoring units
- * Hotels
- * Bakery unit
- * Garment unit
- * Cow rearing

AT A GLANCE

A group of women in a rural village started a small business selling handmade crafts. The EDP program helped them to develop a business plan, market their products, and secure funding. The business has now created 10 new jobs and has helped to improve the economic conditions of the village.

A group of refugees started a business providing catering services. The EDP program helped them to get the necessary permits and license, and to develop a marketing plan. The business is now thriving and has helped the refugees to become self-sufficient.

A young man with a passion for technology started a business developing mobile apps. The EDP program helped him to learn the skills he needed to start his business and to connect with potential investors. The business is now growing rapidly and has created 5 new jobs.

The EDP program is a valuable resource for aspiring entrepreneurs. It provides the skills and knowledge they need to start and run successful business, and it helps them to achieve their entrepreneurial dreams.

7 EDUCATION PROGRAMME

SUSTAINABLE
DEVELOPMENT
GOALS

4 QUALITY
EDUCATION

Shreyas educational programme is committed to transforming the lives of marginalized children. Trainings to school students, distribution of study materials, career guidance class, and financial aid to financially backward classes are the major components. Shreyas provides interest free financial aid called SESS loan. Shreyas also plays the role of education ambassadors who can spread awareness about the importance of education and help enroll as many children as possible to avail of basic and primary education. As there is a severe shortage of skill teaching staff in government schools, Shreyas make up for it by providing access to education through remote learning. It also provides computing and problem-solving skills for students from under-resourced schools.

OBJECTIVES

- To provide higher Education support to the financially backward students of Shreyas partner families.
- To inculcate service- mindedness in the society through the Promotion of local sponsorship Programme.
- To create awareness among students regarding vocational trainings and the job opportunities.
- To extend career guidance,consultation

FUND MOBILIZATION SOURCES

- ✓ The contributions from the partner families of Shreyas.
- ✓ The contributions from individual and institutions both in India and abroad
- ✓ The contributions from unit, Region & Central staff of Shreyas
- ✓ Contribution from SHG Members.

Activities

- ✓ Financial support for higher studies.
- ✓ Career guidance Programs.
- ✓ Summer camp.
- ✓ Exam preparatory camp.
- ✓ Honouring SSLC, +2 Students.
- ✓ Study Materials distribution.

B	Kozhikode	24	480000
C	Malappuram	12	240000
D	Kannur	28	560000
E	Kasargode	18	360000
F	The Nilgiris	21	420000
	Total	193	3860000

8 FAMILY DEVELOPMENT PROGRAMME

Activities

- ✓ Family counseling
- ✓ Family get-together
- ✓ Picnics
- ✓ Awareness creation programmes
- ✓ Sex education programmes
- ✓ Premarital course
- ✓ Senior citizens programs
- ✓ Promotion of small business initiatives
- ✓ SAFP-Covid Rehabilitation Programmes

Shreyas has been a partner of Save A Family Plan India (SAFPI) since 1979. Our cordial partnership with SAFPI has enabled Shreyas to facilitate 3626 families towards the self-reliance and integrated development. Now 332 families are getting assistance through various schemes of SAFPI. 187 families are in tribal community including Widows, patients with Cancer, HIV, Tuberculosis, Leprosy, Mentally and Physically challenged persons. Through Family Development Program (FDP), we were able to meet basic needs of poor families and to encourage them to move towards self-reliance in order to become full, contributing members of their local community. As of now, we operate the Family Development Programme in 8 Grama-Panchayaths of Wayanad district of in Kerala and 1 GramaPanchayath of The Nilgiris district of Tamil Nadu.

MITHRAM

Shreyas' Mithram Programme aims to improve the well-being of deprived families and communities through a participatory approach. In order to implement this programme Shreyas is soliciting donations from local community, CBOs and federations. Shreyas provides Rs. 12000 per family per year through this programme.

Total distribution: 17,76,000
Total Families : 148

Success

STORY OF MANJU

Manju is a 35-year-old woman who was abandoned by her husband 5 years ago. Niya, is 11 years old, and Nima, is 9 years old, are her only daughters. The family lives in a small, single-room house in Kaippancheri colony, Sulthan Bathery. Although Manju is a strong and resilient woman, she is struggling to support her family on her own. She was concerned about their future, so when the opportunity presented itself, she decided to apply for the SBI programme, and she was accepted. Manju used the financial assistance she received to open a grocery and vegetable store. She received Rs.1,00,000 in SAFPI assistance and Rs.8000 as her personal contribution to open the Grocery and Vegetable Store. She now earns Rs.12,000 per month from the Grocery and Vegetable Store, which helps her to meet family's day-to-day needs and children's education.

9 GENDER IN DEVELOPMENT PROGRAMME

Gender equality is not only a fundamental human right, but a necessary foundation for a peaceful, prosperous and sustainable world. Gender is one of the cross cutting themes of our development. Gender development encompasses the multifaceted process through which individuals acquire and internalize their gender identity, roles, and behaviors. It extends beyond the binary framework of male and female, recognizing diverse gender expressions and experiences. Gender in Development Programme of Shreyas reached out to more than 75000 individuals in its operational areas by helping them meet their health, education and livelihoods requirements and aspirations. Shreyas has taken on roles such as advocacy, education and training, and has been active in monitoring what has, or has not, been achieved.

MAJOR PROGRAMMES AT A GLANCE

SERVICE PROVIDING CENTRE

Service Providing Centre is working under Ministry of Women and Child Development, Govt. of Kerala for the domestic violence victims of Sulthan Bathery Block. Free legal aid, counselling and domestic incident report are the support given through this project.

Supporting Agency : Ministry of Women & Child Development, Govt. of Kerala

Project Location : Sulthan Bathery Block

No. of Beneficiaries : 116

Types : Victims of Domestic Violence

10 PROGRAMME FOR PERSONS WITH DISABILITIES

SUSTAINABLE
DEVELOPMENT
GOALS

Inclusion is the new mantra in the developmental sector. Shreyas acts as the vital organ of the civil society work towards creating an inclusive atmosphere for the persons with disabilities where they can also lead a dignified life like their mainstream counterparts in the society. Shreyas is working for persons with disabilities since 2002. We particularly work for persons with deafblindness since 2016. Deafblindness is a unique disability that combines both hearing and visual impairment making mobility, learning, communication and understanding extremely difficult. Shreyas is providing various services, like provision of aids and appliances, therapy, counselling, advocacy, credit schemes, home-based care, educational, vocational rehabilitation and capacity building.

SPARSH SERVICES FOR PERSONS WITH DEAFBLINDNESS AND MSI

No of Beneficiaries : 118
Project Area : Wayanad
Supported by Sense International India

Activities

- Identification of new children and adult with deafblindness
- Conducting clinical and functional assessment
- Providing centre based and home based special education
- Providing centre based and home based physiotherapy
- Help children to avail social security schemes like disability certificate, pension, scholarship, bus pass, Niramaya etc.
- Medical and Nutritional Support
- Organizing picnic/outing for children and family
- Organizing Parents/family network meeting
- Observing World disability day/Helen Keller Day
- Support adult deafblind persons with Income Generation Activity
- Sensitization for SSA teachers, CBR workers, Parents on deafblindness
- Organizing programmes for creating awareness on deafblindness
- Providing assistive device and learning materials for children

AT A GLANCE

1	Special SHGs	37
2	Adult PwDs under support	930
3	Children with Disability under support	162
4	Trainings on livelihood	12
5	Training on IGP	13
6	Vocational training	4
7	Advocacy initiatives	9
8	National trainings	4
9	Training for CBR workers, social workers	8
10	Medical and Nutritional support	277
11	Assistive device	93
12	Children benefitted from study materials	115

Achievements

- Physiotherapy, speech therapy & occupational therapy are given by professionals.
- Educational resources for children & adults with deafblindness.
- Clinical Assessment is provided for the service users.
- Medical and Nutritional Support to Children with deafblindness
- General EDP Training is given to adults with deafblindness.
- Resource centre with teaching and learning materials

11 TRIBAL DEVELOPMENT PROGRAMME

SUSTAINABLE DEVELOPMENT GOALS

The tribes are children of nature, and their way of life is influenced by their surroundings. Many factors, such as money, society, politics, and culture, can cause them to be marginalised and mistreated. This makes life inequitable and prevents some people, including tribal people, from having the same opportunities as others. The majority of tribal people are farmers, and many women in these tribes are unhealthy. Few tribal children attend school, and many drop out. In tribal areas, health care is also inadequate. In this situation, Shreyas is working to assist marginalized families who are experiencing social and financial difficulties. The objective of Tribal Development Programme is to ensure that tribal people, particularly the groups who have been suffering from difficulties, become a regular part of development. Shreyas works with tribes like the Paniya, Kattunaika, Urali, and Kuruma. Among them, Kattunaika, Paniya, and Urali are more in risk and require additional assistance.

Activities

1. Youth gathering
2. Life skill training
3. Tribal Day celebration
4. Vegetable cultivation
5. Cow rearing
6. SHG anniversary celebration
7. Training to adolescent girls
8. Right to education training to parents
9. Youth training on CBO building
10. Family Development Programme
11. SCDC programme for children

SCHOOL DROPOUT REDUCTION PROGRAMME

Reducing school dropout among tribal students is a great challenge. Linguistic barriers, less awareness of parents, lack of learning atmosphere in tribal hamlets etc are the major reasons for increasing dropout. In order to reduce the dropout rate Shreyas volunteers organized campaigns to impart knowledge about the importance of education. We could organize parents' meetings and arrange school and hostel admission for the tribal students. The issue was raised in the SHG meetings and the SHGs discussed the matter in the oorukootoms to reduce the school dropout. Vigilance committees were also formed to establish continues report with school management committee and PTA.

THUDITHALAM

Thudithalam is a folk art group of tribal youth initiated by Shreyas. The group performs tribal art forms and theme based skits for creating awareness among the tribal community. The professional troop has performed programmes as part of water conservation campaign and Jalanidhi project.

12 RESEARCH AND TRAINING PROGRAMME

Shreyas practices a proper data management strategy by precise organizing and sharing data. There is always the risk of losing the data if it's not properly codified. Shreyas gives more importance for research. The research and documentation wing of Shreyas documents every single transaction, process, and action that takes place to be more precise and clear. This will help us to have a clear reference point whenever anything is in question.

Volunteers talk

I am very glad to share my experience with Shreyas. In the journey with Shreyas I have actually seen desires been converted to reality. The philanthropic works that was done by Shreyas is really remarkable. As an intern I got exposure in the field of tribal community, migrant labourers and with the children with special needs. It created a great influence society and changing minds of people for the brighter future.

ALEESHA SAM

**Rajagiri College of Social Sciences,
Kalamaserry, Kerala**

My 45 days of internship experience at Shreyas Social Service Center, Wayanad was an incredible journey. I had a great opportunity to understand and facilitate different programs under different projects, such as blue umbrella day & sports meet under CHSC and SCDC projects, case studies under SPARSH project, medical camps under ADITI project, programs under JAL-JEEVAN mission, preparation of project proposal for the empowerment tribal students under proper mentorship, etc. really gave a wonderful opportunity to gain practical exposure in social work practice. Also, I had wonderful internship experience through participating in various cultural programs conducted by the Shreyas family. The lessons I've learned, the connections I've made, and the memories I've created will stay with me as I navigate my future endeavours. Thank you for a wonderful and fruitful internship.

MOHAMMED RAEES M

Central University of Rajasthan

During my internship, I had the incredible opportunity to immerse myself in projects that deeply resonated with my values. My experience involved a dynamic blend of fieldwork and collaboration with experts in the field. I took an active role in various projects, contributing innovative ideas to promote sustainable agriculture, eco-friendly infrastructure, and educational programs. Working closely with the team, I was able to witness the tangible impact of our efforts on the ground, which only fuelled my enthusiasm further. Engaging with a range of projects allowed me to tap into my creativity, problem-solving abilities, and passion for making a difference. This opportunity not only allowed me to contribute to meaningful initiatives but also helped me discover new facets of my abilities that I can carry forward in my future endeavours.
